

Sliding-fee Payment Scale

The HRRMC Buena Vista Health Center participates in Medicare and Health First Colorado (Colorado Medicaid) and is also a National Health Service Corps (NHSC) site and a Colorado Health Service Corps (CHSC) site.

As an NHSC and CHSC site, the clinic has a sliding-fee payment scale for self-pay and uninsured patients based on income and family size. The scale provides discounts to patients with incomes up to 250 percent of poverty level. **The discount applies to family medicine, internal medicine, and gynecology visits. It does not apply to other specialist visits or ancillary services including imaging, lab, or rehabilitation. In the hope that your financial situation improves, discounts apply only to current, not future services.** An application form (available at hrrmc.com or at the clinic front desk) must be completed for each visit.

For more information about the sliding-fee payment scale, call (719) 530-2475 or visit hrrmc.com and click Health Centers -> HRRMC Buena Vista Health Center.
