YESTERDAY

and TODAY

HEART OF THE ROCKIES
REGIONAL MEDICAL CENTER

Mission

HRRMC exists to enhance the health of our community through the delivery of personalized and exceptional care.

Vision

The vision of HRRMC is to be the healthcare provider of choice for our region as a world-class rural healthcare organization.

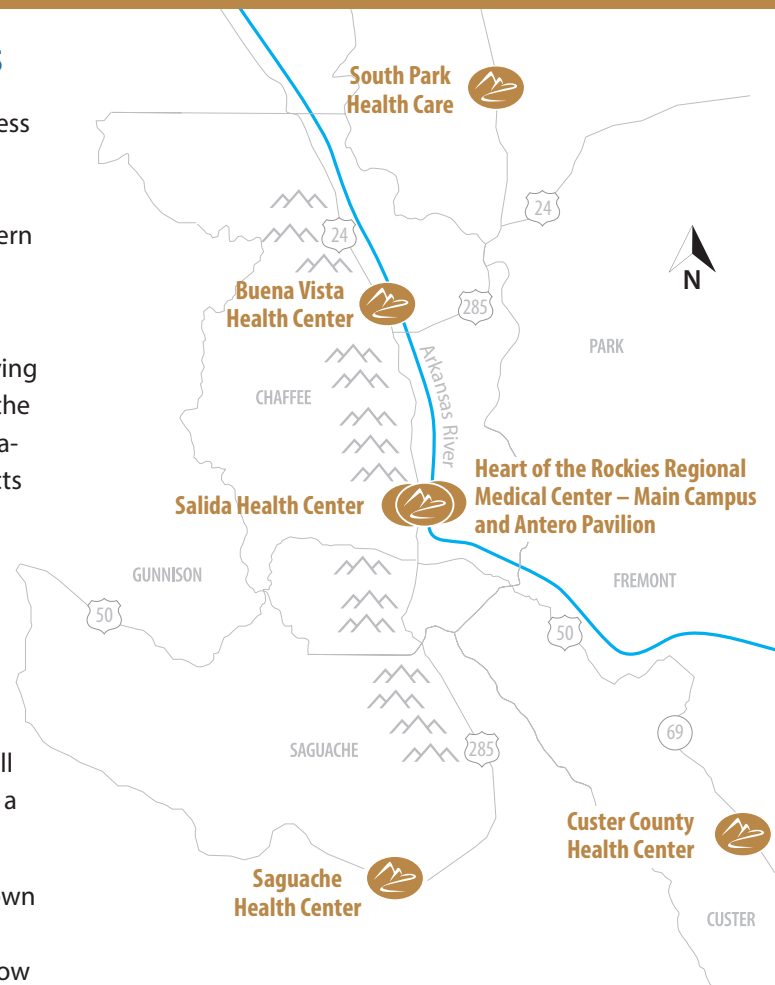

Serving the Upper Arkansas Valley since 1885

Heart of the Rockies Regional Medical Center is a Critical Access Hospital in Salida, Colorado. Established in 1885 as a railroad hospital for Denver & Rio Grande employees, HRRMC is now part of a public hospital district encompassing Chaffee, western Fremont and northern Saguache counties.

In 2008, HRRMC moved into a new state-of-the-art hospital. Since then, the hospital has continued to grow, with six outlying clinics and many new services and specialists. In addition to the major expansion of our three-story, 48,000 square-foot Outpatient Pavilion, we are fostering many new and exciting projects at additional HRRMC locations to expand our rural offerings.

In the fall of 2020, HRRMC began operating Custer County Health Center in Westcliffe, and expanded offerings for laboratory testing, imaging and specialty services. In 2023, HRRMC took on management of South Park Health Care, a small rural family medicine clinic in Fairplay. This extended our reach of services into four counties in central Colorado. All of these changes are helping HRRMC fulfill its vision of being a world-class rural healthcare organization.

In late 2023, HRRMC began managing the clinic formerly known as First St. Family Health. Former FSFH providers have since relocated to the Salida Health Center. The First St. building, now known as the Antero Pavilion, houses specialist medical providers such as Dermatology, Neurology and Sleep Medicine.
